

# Household wipes

## SPC™

---

### Benefits

- Three layer product construction offers a thick, substantial cleaning product.
- Low stretch of product and staple fibers give significant strength.
- Extremely efficient in dirt pick-up.
- Good lotion management through gradual release.
- Product can be modified with a variety of patterns that communicate clean.

### Recommended usage

- Hard surface disinfection
- General purpose
- Wet floor

(• = Good, ●● = Better, ●●● = Best)
