

Workplace wipes

GENESIS® Pro 6000

Benefits

- Engineered to deliver higher caliper even with a lighter spectrum of products. Thicker wiper in wet and dry state provides a premium feel and better performance.
- GENESIS® Pro is stronger than competing materials. It is durable for the toughest jobs and extended use.
- Higher absorption capacity and absorption rate provide the best wiper for handling spills. Fastest "wipe dry" on the market allows to quickly dry surface from oil and other liquids.
- Binder free composition gives confidence when used with chemical liquids.
- Hydroentangling results in even look without patchy spots. It is surface resistant to abrasion and does not delaminate while in use. GENESIS® Pro TEx delivers branded look for recognition and improved dirt capture.

Recommended usage

- Light duty general purpose wiping
- Medium duty general purpose wiping
- Heavy duty industrial & institutional wiping
- Personal cleaning
- Food service
- Extra heavy duty industrial & institutional wiping
